📞 037 972 2235

📍 Ho Chi Minh City

## CAREER OBJECTIVE

I am a fullstack web developer with a passion for learning and development. I want to find an opportunity to work at a dynamic, creative company so I can contribute, learn more experience and develop myself. My short-term goal is to learn new knowledge and skills about web programming, including new programming languages, frameworks, and tools. My long-term goal is to become a good fullstack web developer, able to participate in large and challenging projects.

## EDUCATION

| 09/2020 ↓ 06/2023 | **University of Science - VNUHCM** |
|---|---|
| | Major: Software Technology. Grade Point Average: 7.3/10 |

## WORK EXPERIENCE

**[07/2023 - 09/2023] - Công ty TNHH công nghệ HYBRID SOLUTIONS VN**
Fresher Full Stack Developer.
Perform tasks on company products. Backend uses NodeJS with Express, MongoDB. Frontend uses Javascript core, Pug, Alpinejs, Tailwind CSS.

## PERSONAL PROJECTS

- **Todo App (11/10/2023 - 24/10/2023)**
  The to-do note application, user authentication supports searching, prioritizing and filtering.

  **Work:** Analyze and design, write frontend and backend source code, deploy.

  **Technicals:** Frontend: Reactjs (hooks, axios, ant design, redux toolkit), LocalStorage.

  Backend: RESTfulAPI NodeJS & Express, API routing, log files, security API (accesstoken, refreshtoken with jwt),...
